Subject: 2025 Petroleum Tender

Thank-you for inviting us to tender on your fuel needs for 2025. Fuel pricing as requested for March 01, 2025.

We are pleased to submit the following price quotation on your 2025 petroleum requirements:

Product	Special Price
Diesel	\$1.4354*

*Prices include Federal Fuel Charge, Federal Excise Tax, Provincial Road Tax, GST not included in price. Subject to industry increases or decreases and tax adjustments at the time of purchase.

RM purchases are eligible for our Riverbend Co-op equity and cashback program. In 2023 we allocated 3.61% (5 cents/L) on clear diesel and 4.05% (5 cents/L) on gasoline. We also offer a special equity payment to RM accounts paying down to \$500 equity on an annual basis. This will create another return of revenue for the RM on essential purchases.

Riverbend Co-op is a steward of a high-capacity bulk plant in Outlook SK. We can provide a high level of service by having the availability of products near our service points. If it's mutually beneficial, we can also explore an option of remote monitoring of fuel in RM tanks. Riverbend Co-op can guarantee delivery within 48 hours.

We appreciate the opportunity to participate in this fuel tender, and we look forward to the opportunity to supply your product needs in 2025.

Sincerely,
Greg Malinowski
